The Office for Standards in Education, Children's Services and Skills (Ofsted) regulates and inspects to achieve excellence in the care of children and young people, and in education and skills for learners of all ages. It regulates and inspects childcare and children's social care, and inspects the Children and Family Court Advisory Support Service (Cafcass), schools, colleges, initial teacher training, work-based learning and skills training, adult and community learning, and education and training in prisons and other secure establishments. It assesses council children's services, and inspects services for looked after children, safeguarding and child protection.

Introduction

1. This guidance provides you with information about which children's social care services are required to register with Ofsted. It also sets out the requirements for registered managers. It will help you decide whether to apply and explains what processes your application will go through before we can decide whether you are suitable for registration as a social care provider or manager.
2. The registration process looks at your fitness to deliver social care services. If we register you we will continue to assess your ability to provide or manage children's social care through regular inspections. There is more information on inspection in paragraphs 117 to 119 of this guidance.

How to obtain more information

3. As well as this guide we have a range of other guidance about children's social care establishments and agencies with further detailed information about a range of subjects. A list of guidance you may find helpful, information about the underpinning legislation, web links and contact details for other relevant organisations' documents is provided in Annex A.
4. To obtain copies of any of the guidance mentioned in this document you can:
 - follow the links in this document if you are using it online
 - download the guidance from our website, www.ofsted.gov.uk
 - telephone our help line 0300 123 1231 and ask for specific guidance to be sent to you
 - write to us asking for the information at the following address:

Ofsted
National Business Unit
Piccadilly Gate

Establishments and agencies that must register with us

5. We register the children's social care establishments and agencies listed below. Each of these, except for voluntary adoption agencies, must also have a registered manager. There is more information about each type of social care establishment and agency in our introductory guides. The establishments and agencies that **must** register with us are:
 - voluntary adoption agencies
 - adoption support agencies

- children's homes, including secure children's homes (these are types of establishments)
- independent fostering agencies
- residential family centres (this is a type of establishment).

6. The law requires you to register with us each and every establishment and agency you operate. You cannot register with us just once to operate multiple establishments or agencies. Each one must have an individual registration. It is an offence to operate any of these without being registered to do so.¹

7. We will register any number of individual establishments as one children's home, where they are located on or adjacent to one site. Our guidance about multi-site registrations provides more information.² We also have guidance about children's homes that accommodate young adults³ and for mobile services.⁴

8. Voluntary adoption agencies can only have one principal office, but can have separate branches. Although branches are part of the same registration as the principal office and are listed on the same certificate, you must complete an application and pay a separate application fee for each branch.

9. Registered providers such as independent fostering agencies may sell franchises to other people or organisations. Here, the franchisee must make a separate application to register with us.

10. For more information about establishments that offer placements to parents and their children, and what they should register as, please see our introductory guide to residential family centres.⁵

11. There are some social care services that we inspect but do not register. Those social care services **not** required to register with us are:

- boarding schools (unless they require registration as children's homes)
- local authority adoption services
- local authority fostering services

¹ The Care Standards Act 2000 Regulation 11 (1)). Section 11(1) of the Care Standards Act does not apply to voluntary adoption agencies. For these agencies it is an offence under section 93 of the Adoption and Children Act 2002 to carry out certain prescribed steps of section 92 of that Act without being registered as an adoption agency. The offences within the Adoption and Children Act 2002 relate to both the provider and manager.

- private fostering arrangements
- residential special schools (unless they require registration as children's homes)
- secure training centres.

Why we register children's social care establishments and agencies

12. We register children's social care establishments and agencies to:

- protect children and young people
- ensure that the establishment or agency meets the requirements of the relevant legislation
- ensure that providers and managers deliver, as a minimum, satisfactory outcomes for the children, young people and adults who they provide services for
- provide information about the quality of an individual establishment or agency to a range of key stakeholders, including children and young people, adult service users, parents and carers, and commissioners.

People connected with a registration

The provider

13. The law requires an application for each social care establishment or agency from the person wishing to provide the service. This person, once registered, is the **registered provider** and is legally responsible for complying with the requirements of legislation. The provider may be:

- an individual
- a partnership; when a partnership makes an application to register, each person in the partnership must apply for registration and be granted by us
- an organisation; this includes companies, limited liability partnerships, unincorporated associations, such as committee-run provision and statutory bodies, such as local authorities. All organisations must nominate a person to represent it in its dealings with us. This representative is known as the **responsible individual**.

14. Where the provider is an organisation, we need to know about all the individuals that make up the provider. This could be the director, manager, secretary, clerk, treasurer, trustee or any other similar officer of the organisation. We will ask for their details as part of the application.

The responsible individual

15. The responsible individual must be someone who is:

- a director of the organisation
- a manager of the organisation
- a secretary of the organisation
- an officer of the organisation.

16. The responsible individual acts on behalf of the organisation and demonstrates to us how he or she meets the requirements for registration. The responsible individual must also demonstrate on behalf of the provider that the proposed establishment or agency can meet the relevant requirements set out in legislation.

The registered manager

17. Each registered social care establishment and agency must also have a registered manager, **unless** it is a voluntary adoption agency where only the provider is required to register.

18. The manager's registration is personal to them and granted in respect of a particular establishment or agency. The manager's registration is not transferable to another establishment or agency. An individual may apply to be the registered manager of more than one establishment and agency but he or she must submit an application and pay a fee for each application. He or she must demonstrate that they have the skills, knowledge and experience to meet the requirements of each establishment or agency.

19. For children's homes, the manager must realistically be able to be in full-time, day to day charge of each home. This might, for example, be possible if the homes are separately registered but are adjacent, and are such that full-time, day to day management of both is feasible. Two individuals may also apply to be the registered manager as a job share. In this case, both individuals must submit an application and both must pay an individual application fee.

20. Anyone applying to be a registered manager must meet the relevant fitness requirements for the type of establishment or agency. These are listed in the relevant regulations set out in Annex A and summarised in our introductory guides. We have separate information for when a manager applies to be the registered manager of an existing establishment or agency in paragraphs 110 to 113.

21. It is possible for someone registered as an individual, a partner or a responsible individual, to also be the registered manager, **except** for an independent fostering agency, where legislation does not allow this.⁶

⁶ The Fostering Services (England) Regulations 2011, Regulation 6(2)(a); www.legislation.gov.uk/uksi/2011/581/part/3/made.

22. If the proposed provider and manager is the same person, we will only grant registration where the individual demonstrates that he or she can both manage the establishment or agency on a full-time, day-to-day basis and ensure that there is effective strategic review of his or her management arrangements. If the individual is not suitably skilled, experienced and qualified, he or she must appoint and register a manager to take full-time, day-to-day control of the establishment or agency.

23. Applications to register a manager must be made when:

- a person applies to register a new establishment or agency
- a new manager starts work at an existing establishment or agency; we have further guidance on this in our publication *Changes to children's social care services that are registered and/or inspected by Ofsted*⁷

Before applying

24. You cannot operate any of the social care establishments or agencies that require registration until all of the following are complete:

- you send us a full and complete application for registration that includes the application for a registered manager, where applicable⁸
- we decide that you and your proposed manager are suitable for registration⁹
- you receive a certificate of registration.¹⁰

25. An application for registration is only complete when we receive all the information we need to process it, and you have paid the required fee. If you do not send us all the required information with your application form, we will usually return it to you and you will need to resubmit it.

26. To prevent this from happening, you should not send an application to us until you:

- are familiar with the regulations and national minimum standards for the type of establishment or agency you wish to register
- have all of your policies, documents and procedures in place as detailed in the service specific regulations and this guidance (these must relate to the establishment or agency you are applying to register)

⁷ <http://www.ofsted.gov.uk/resources/changes-childrens-social-care-services-are-registered-and-or-inspected-ofsted>

⁸ All registered services must have a registered manager except voluntary adoption agencies.

⁹ Except for voluntary adoption agencies that do not have to have a registered manager.

¹⁰ See footnote 11.

- have appointed a manager (please note that you must include his or her application to register with us as part of your application; if you do not your application will be returned to you)
- have appointed a responsible individual, where necessary
- have a Criminal Records Bureau disclosure for everyone who needs one
- have a completed health declaration booklet for everyone who needs one
- have premises that are ready to provide a service.

There is more information about who needs to register in paragraph 42 and more on how to complete the documents required for application in paragraphs 44 to 82.

Requirements for registration

27. We assess whether each person connected with a registration is 'fit' to provide the service and/or manage it. Each person must have the relevant skills, qualifications and experience for the position he or she holds and must be able to meet the relevant requirements of registration. The requirements are set out in the legislation listed in Annex A and summarised in our introductory guides about specific types of establishments and agencies.

28. We assess your fitness by: scrutinising the information you submit with your application; carrying out checks and interviewing you and anyone else connected with the registration; and by visiting the proposed premises.

29. Once registered as a manager, provider or responsible individual, you must comply with any conditions placed on your registration¹¹ and the regulations that apply to each establishment or agency.¹² If you do not comply with all the requirements, we have a range of actions we may take to bring about compliance. This may affect your registration, or any future application for registration you wish to make. Cancellation of your registration may also result in you being disqualified from continuing working in, providing or having a financial interest in another establishment or agency. There is more information about the types of action we can take in our *Compliance, investigation and enforcement handbook*.¹³

Statutory guidance

30. The statutory guidance issued under section 7 of the Local Authority Social Services Act 1970 is primarily for local authorities.¹⁴ It relates to their roles as providers of children's homes and fostering and adoption services and as commissioners of placements in children's homes, independent fostering agencies

¹¹ The Care Standards Act 2000, Section 24; www.legislation.gov.uk/ukpga/2000/14/section/24.

¹² The Care Standards Act 2000, Section 25 (1); www.legislation.gov.uk/ukpga/2000/14/section/25.

and voluntary adoption services. However, the guidance is also relevant to private and voluntary children's homes providers, independent fostering agencies, voluntary adoption agencies and adoption support agencies. These registered providers are expected to take the relevant statutory guidance into account in all aspects of their establishment or agency.

31. Providers should use the relevant statutory guidance to help them with developing their establishment or agency so that these meet the requirements of registration. Ofsted takes the statutory guidance into account when making a registration decision.

Is there anything that could prevent me from registering?

32. The law disqualifies some people from being registered as a provider or manager of a children's home, or having a financial interest or working in a children's home. A number of factors lead to disqualification and you can find a full list of these in our *Compliance, investigation and enforcement handbook*¹⁵ available on our website, or in The Disqualification from Caring for Children (England) Regulations 2002.¹⁶

33. Disqualification only applies to those connected with children's homes although we will take any such disqualification into account when assessing your suitability to provide any other type of children's social care establishment or agency.

34. If you are disqualified from working with children you can, in some circumstances, ask us to give you written consent to allow you to apply to:

- register with Ofsted as a provider of a children's home
- register with Ofsted as a manager of a children's home
- have a financial interest in a children's home
- employ a disqualified person to work at a children's home.

35. Please note that:

- we cannot give written consent for anyone who is included on the Independent Safeguarding Authority's list of individuals barred from working with children
- if we consent to allow you to apply for registration this does not mean that you are no longer a disqualified person
- giving consent for you to apply does not automatically mean we will grant registration.

¹⁵ See footnote 12.

¹⁶ Disqualification from Caring for Children (England) Regulations 2002; www.legislation.gov.uk/ukxi/2002/635/contents/made.

36. It is an offence for a disqualified person to provide, manage or have a financial interest in a children's home without written consent. It is also an offence to knowingly employ a disqualified person without written consent.

37. You can find out more about disqualification by reading our guidance: *Disqualification – Applying for written consent to carry on or manage, have a financial interest in, or be employed at, a children's home.*¹⁷

Registration fees

38. The law says you must pay a registration application fee as part of your application.¹⁸ This must accompany your application and is non-refundable. The law also requires us to charge you an annual fee **immediately** if we grant registration and then on the anniversary date of your registration. This fee is not related to the frequency of inspections we undertake.¹⁹

39. You must also pay a single non-refundable fee for an application for a registered manager. This fee is payable for an application for a registered manager connected with a new establishment or agency and also when a new manager is registered for an existing establishment or agency.

40. There are different fees chargeable for each type of establishment and agency. These are set by government and are reviewed at regular intervals. The application packs contain a leaflet with information about current fees.

41. When you apply for a new registration we check if you owe us fees from any previous registration. If this is the case we take this into account when assessing your fitness, integrity and financial viability to provide a service. We recommend that you pay any outstanding fees before you make any new application.

Obtaining an application pack

43. Application packs are available on our website, www.ofsted.gov.uk, for you to download, complete and print. You can also telephone or write to us to request us to send you the application forms using the details set out in paragraph 4.

44. You must always submit your full application in hard copy to the address in paragraph 4.

Application pack contents

45. The application pack for a new registration contains:

- an application form (SC1)
- for each person listed as connected with the registration in the table above:
 - a Criminal Records Bureau disclosure application form*
 - guidance on completing the Criminal Records Bureau disclosure application form and our identity checking arrangements*
 - a declaration and consent form (SC2)*
 - a fit person questionnaire for the manager and the provider
 - a health declaration booklet *
- a financial reference form
- a registration fee form
- a leaflet on fees
- envelopes to return forms
- an application check list
- a form about any types of additional communication you intend to use²³
- a copy of this guide to registration

*We provide two copies of each of these in our paper application packs. If you require further copies you can download these from our website (www.ofsted.gov.uk) or request additional copies by telephoning or writing to us using the details in paragraph 4.

²³ Returning this form with your application pack is optional. The application pack will **not** be considered incomplete if you do not return this form with your application.

Correspondence about your application

46. If we need to contact you about your application we send any correspondence to:

- an individual provider at the proposed address for the establishment or agency
- an organisation or limited liability partnership at the organisation or limited liability partnership's office or address.
- a manager at his or her personal address.

Completing the application

47. You must complete all parts of the application pack as fully as possible and include all of the documents set out in paragraph 45. Please note that it is an offence if you knowingly make a statement which is false or misleading in an application.²⁴

48. If you or your organisation made a social care application after 30 September 2010 you are not required to supply us with information provided as part of the previous application, if that information has not changed.²⁵

The application form (SC1)

49. The application form asks for information about the people applying to register, the service you intend to offer and the premises that you intend to use as a children's home and residential family centre or to operate an agency from.

50. You will be asked to tell us about any **conditions of registration** you are applying for.²⁶ Conditions of registration are restrictions on your registration and most commonly include the number of children and young people to be accommodated in a children's home or the type of adoption services you provide. The conditions that will apply depend on the type of establishment or agency you are applying to register. You can find out more information about conditions in *Conditions of registration for all regulated social care services and categories of registration for children's homes and voluntary adoption agencies*.²⁷

Criminal Records Bureau disclosure notices

51. Before sending in your application to register an establishment or agency, everyone listed as needing an **enhanced** Criminal Records Bureau disclosure notice (also known as a CRB check) in the table above must have one

52. We only accept Criminal Records Bureau disclosure notices that have been applied for through Ofsted.

53. If you or anyone else who needs a disclosure notice already has one, which was applied for through Ofsted, you should phone us on 0300 123 1231 to check with us to see if we will accept it as current. Alternatively you may email us at enquiries@ofsted.gov.uk. You should give as much detail about your past registration with Ofsted as possible.

54. If you and/or others do not hold acceptable Criminal Records Bureau disclosure notices, you must obtain one by completing, and returning, an Ofsted issued Criminal Records Bureau disclosure application form. To do this you need to fill in the appropriate parts of the form, get your identity checked and pay the appropriate fee for the disclosure notice. There are details about the fee, our arrangements for identity checking, the types of identity documents that are acceptable and how to complete the disclosure application form in your application pack. When we receive your disclosure application form with confirmation that your identity has been verified we will countersign the form and send it to the Criminal Records Bureau. When the necessary checks have been made, the Criminal Records Bureau will return the certificate to you and a copy to us. If there is a delay or you have a question regarding your Criminal Records Bureau application you will need to contact the Criminal Records Bureau.²⁸

55. Once you, and everyone else connected with the application, have an enhanced disclosure notice issued through Ofsted, you can proceed with the application. You do not need to send the original disclosure notices as we will have received our own copies.

56. Please note if you, or anyone connected with the application do not have a Criminal Records Bureau disclosure that complies with our requirements we will return the whole application to you until these are available, and you will have to resubmit the whole application.

The declaration and consent form (SC2)

57. The declaration and consent form asks for your consent for us to carry out a series of checks and to use information from these to decide if you are suitable to be a registered provider or a registered manager. We carry out checks with:

²⁸ If you require additional information you can use the following link to the Criminal Records Bureau website; www.homeoffice.gov.uk/agencies-public-bodies/crb/.

- the Director of Children's Services in the area(s) where you live or have lived for the last five years
- the Criminal Records Bureau, including details of spent convictions normally exempt from disclosure under the Rehabilitation of offenders Act 1974
- the Independent Safeguarding Authority who hold a list of individuals barred from working with children
- professional referees
- where necessary any other person or organisation who has relevant information about you, or where we need further details to make a decision about your suitability, for example your general practitioner or another medical professional.

Professional references

58. The declaration and consent form asks you for the details of two referees who can give you professional references. When we receive a complete application we ask the referees you have provided for information. Before we contact them we check the suitability of these two referees:

- One of the two referees must be your **most** recent employer. If this is not possible you should explain why in your application. We accept an employer's reference from the owner or director of an organisation, or an organisation's human resources department. We do not usually accept a reference from anyone other than these people unless the employer gives us their written permission for a named person to supply a reference on their behalf.
- The second reference must be from someone who has known you in a professional capacity and can comment on your work. It should also be from someone from a **different organisation** to your first referee.
- One of the two referees must have employed you for a minimum of three months.

59. Referees must be able to comment on:

- your ability to run, manage or supervise the type of establishment or agency for which you are making an application
- your honesty, reliability and trustworthiness
- your professional and technical qualifications
- any disciplinary investigation or action taken against you.

60. Where you put forward referees who do not comply with the guidance detailed in paragraph 58 or who would not be able to give answers to the bullet points in paragraph 59, we may have to ask you to provide details of another referee. This is likely to delay our registration decision.

Five-year address history

61. We ask each individual connected with the application to complete a five-year address history as part of your SC2. We use this to carry out a check with the local authorities in all the areas where you have lived during this five-year period. We ask the local authorities listed to check their records to see whether:

- you have been subject to any child protection concerns; including whether you have had a child removed from your care
- there are records of you having any other involvement that might affect your ability to be a registered provider or a registered manager.

Fit person questionnaire

62. We assess applicants' suitability to provide or manage a children's social care establishment or agency and, as part of this interview, everyone who is listed as being connected with the registration in the table at paragraph 42. To help you to prepare for the interview, we ask the provider and manager to complete a fit person questionnaire. This will also provide us with some information about your knowledge, skills and experience in relation to the establishment or agency you propose to carry on or manage. Please return this with your application pack. You may wish to retain a copy to help you at the interview.

Health declaration booklet

63. Everyone who completes a declaration and consent form, as detailed in the table above, must also complete a health declaration booklet and have it endorsed by his or her doctor. The booklet asks for information about your current and past health so that we can determine your mental and physical suitability to provide or manage a service for vulnerable children and young people or other service users. You must:

- complete section one of the health declaration booklet
- take the health declaration booklet to your doctor to verify the information provided. You will need to provide the doctor with a stamped, self-addressed envelope so that he or she can return the health declaration booklet to you by post. The doctor may charge you a fee for completing this form
- return the completed booklet(s) to us with your application.

The following documents are required for full applications to register a service only and not as part of any manager's application for an already registered service.

Statement of purpose

64. You must have a statement of purpose for each establishment or agency you are applying to register.²⁹ You must send this in as part of your application. Its contents vary according to the type of service you intend to operate and must be specific to the particular establishment or agency you are applying to register. For example, if you are applying to register a children's home for disabled children you will need to demonstrate in your statement how you will do this. Broadly, the statement of purpose should cover:

- a statement of the aims and objectives, facilities and services to be provided
- the name of the proposed registered provider and proposed registered manager (if applicable) and their relevant qualifications and experience
- the proposed organisational structure
- the numbers of staff who will be employed, their job roles and titles and the name and qualifications of any person you have already appointed
- the arrangements for staff supervision, training and development
- the age range, gender and which kinds of children's and young people's needs you intend to care for (children's homes only)
- admission and assessment criteria
- a description of the underlying philosophy and ethos of the service
- important policies and procedures such as safeguarding, fire, consultation with people who use your establishment or agency, care planning, the arrangements for dealing with complaints and the promotion of equality and diversity.

65. The establishment or agency must not provide services or accept placements unless children's and adults' needs are fully detailed in the statement. For example, where an establishment or agency provides for a specific learning disability, the statement must specifically cover the needs of this type of learning disability. Furthermore, where a children's home intends to take emergency placements, this must be detailed in the statement. If an establishment decides to accept emergency placements, doing so must not breach any conditions of registration in place at the time.

66. In essence, the statement shows that the provider and registered manager know the requirements placed on them by registration and understand how to meet

²⁹ The Children's Homes Regulations 2001, Regulation 4; www.legislation.gov.uk/uksi/2001/3967/regulation/4/made.
 The Fostering Services (England) Regulations 2011, Regulation 3; www.legislation.gov.uk/uksi/2011/581/regulation/3/made.
 The Adoption Regulations 2003, Regulation 2; www.legislation.gov.uk/uksi/2003/370/regulation/2/made.
 The Residential Family Centre Regulations 2002, Regulation 4; www.legislation.gov.uk/uksi/2002/3213/regulation/4/made.

them. It is therefore important that it is individual and specific to a particular establishment or agency. The provider, manager and senior staff must take ownership for ensuring that the document is up to date and remains appropriate. It is not acceptable to have one standardised statement of purpose for a number of establishments or agencies owned by one company.

67. The statement of purpose is likely to be read by a wide range of people, including:

- placing authorities
- children and their parents
- inspectors
- visiting professionals
- staff.

68. It is therefore essential that the statement of purpose is:

- easy to understand
- jargon free
- easily accessible to all interested individuals
- kept up to date.

69. Inspectors use the statement as a blueprint of what to expect when they inspect. We use this document as the basis for your regulatory accountability.

70. It is an offence for the provider of an adoption support agency or a residential family centre to operate their service in a manner that is not consistent with their statement.

71. For the provider of a children's home or an independent fostering service it is a breach of regulations if they do not comply with their statement of purpose.

72. Providers must keep their statement up to date³⁰ so that it describes the level and nature of the services provided at any time, the facilities that will be available to support service provision and the range of children's, and where appropriate adults', needs that the establishment or agency caters for. Providers must therefore ensure that the statement of purpose is maintained in accordance with statutory regulations at all times. Any changes to the statement must be notified to Ofsted. Please see our guidance: *Changes to children's social care services that are registered and/or inspected by Ofsted*.³¹

Children and young people’s guide or resident’s guide

73. All establishments or agencies requiring registration must also produce a children’s or service user’s guide.³² This must comply with the requirements of service specific regulations.³³ The guide must meet the needs of the children, young people or adults you intend to provide services for, for example it must be in a format they can understand. You must submit the guide as part of a children’s home application and we recommend you submit the guide with your application for all other establishments or agencies as this will help reduce the time required for the registration visit.

Behaviour management policy (children’s homes only)

74. A behaviour management policy must be included with all applications to register a children’s home. The policy must meet with requirements set out in legislation.³⁴

Financial reference

75. You must provide a financial reference, signed and/or stamped by your bank manager.³⁵ This must include details about the viability of the proposed establishment or agency. There is a form for a financial reference included within the application pack. We prefer you to use this form but you can supply the detail in other ways. However, this must be in hard copy, submitted at the time you first make your application and must contain:

- the name and address of your bank manager
- details of the service you are applying to register
- details about why you are asking for a banker’s reference for Ofsted
- details about your financial position
- details about your reliability to run the establishment or agency you have applied to register.

³⁵ This does not apply where the applicant is a local authority.

Fees form

76. You must complete and return the fees form together with a cheque for the relevant fee made payable to 'Ofsted'. Please make sure your cheque is signed and dated. We cannot accept an application without the relevant fee.

Application checklist

77. To ensure that we can deal with your application in a reasonable timescale, we will only accept complete applications. To help you ensure that your application is complete, we provide an application checklist with each application pack. Please complete the checklist and send it back with your application.

78. Responsibility for providing all the information we require to arrive at a decision about your application rests with you. You must check that information we require is submitted or available to us. For example, you must ensure that we receive responses to our requests for references and that the premises you propose to operate from are ready for use when you apply for registration.

Types of communication systems you intend to use

79. We ask you to complete and return a form about any communications systems you intend to use regularly, such as Makaton or British sign language, with your application. There is a list of regularly used communication systems on the form and we have left space for you to add any others you use that are not listed. We use this information to help us communicate better with the children or young people for whom you wish to provide a service.

80. If you do not use any specific communication system with children and young people you do not have to return this form with your application. We **do not** consider your application incomplete because you have not returned a copy of the 'types of communication systems used at an establishment or agency' form.

Planning permission

81. We ask you to provide a copy of planning permission granted or evidence from the local authority planning department that no planning permission is needed. Although this does not have to be supplied as part of your initial application, we do need a copy.

Certificate of insurance

82. You must provide a certificate of insurance in respect of death, injury, public liability, damage or other loss, before registration.³⁶ The certificate must show that there is public liability insurance cover for your service. Where an organisation has a

³⁶ Under regulation 3(2)(b), schedule 2, paragraph 8 of The Care Standards Act 2000 (Registration) (England) Regulations 2010.

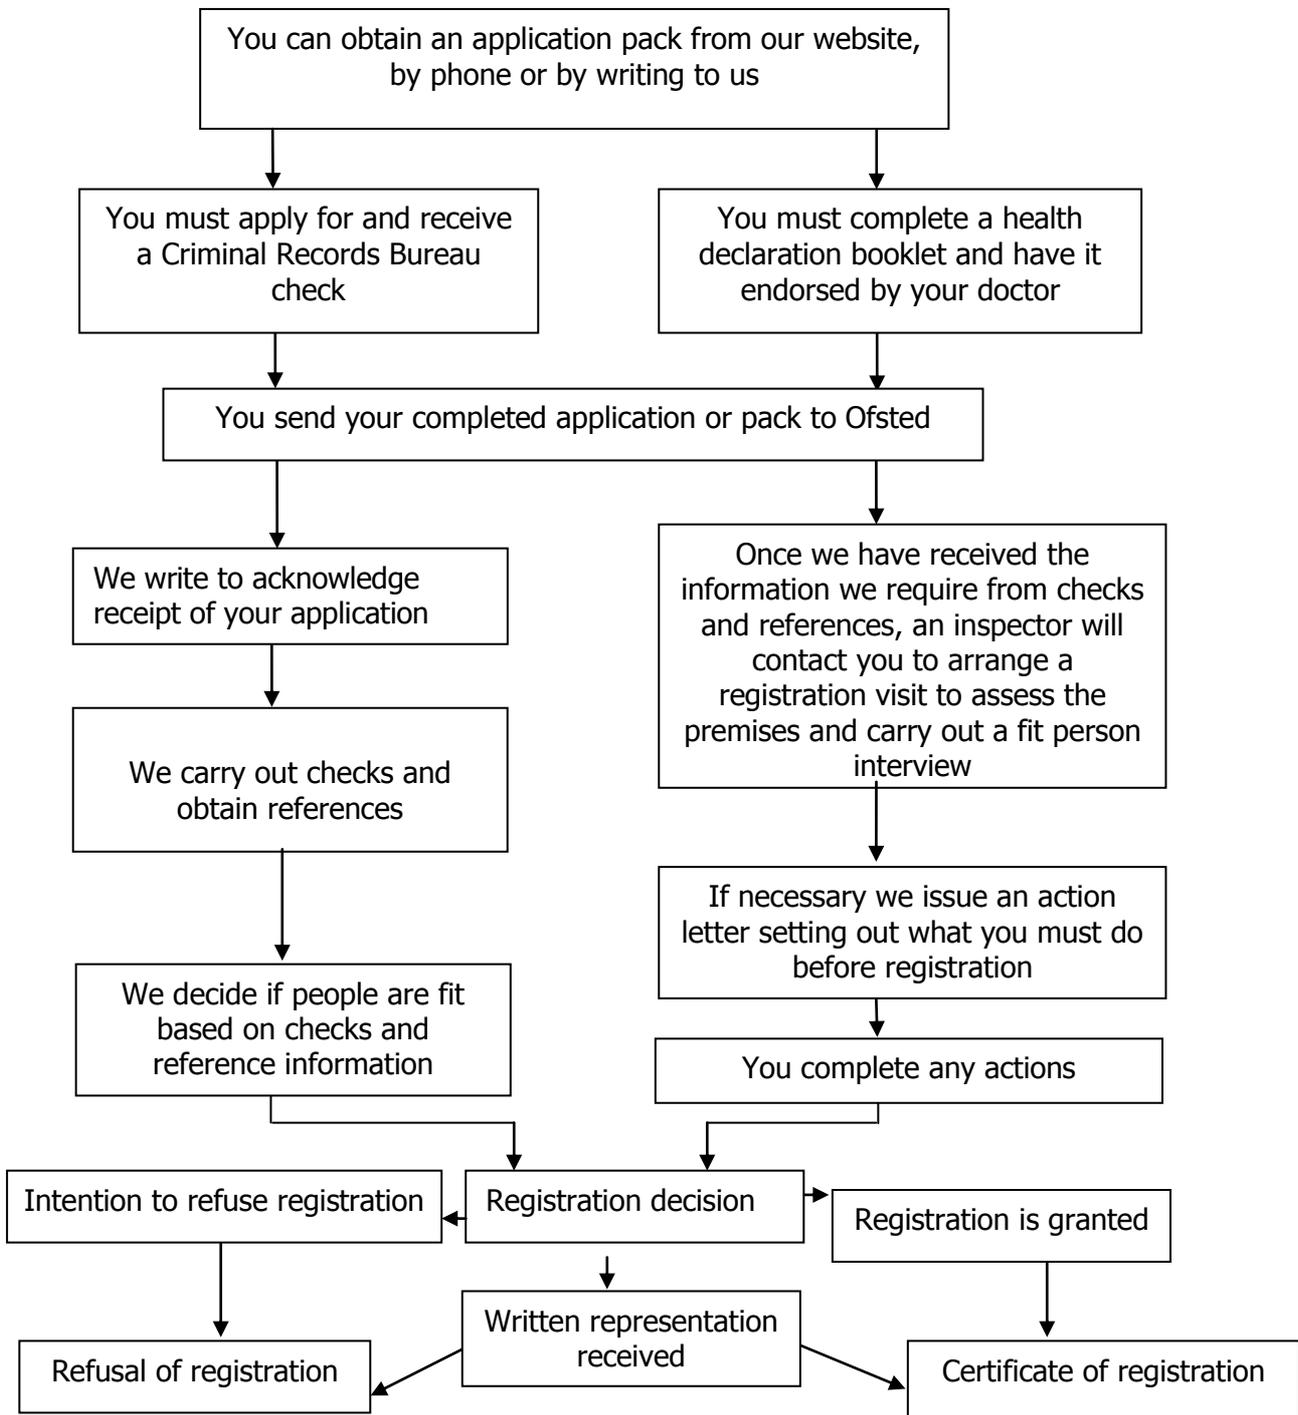

corporate insurance policy, the certificate may not list every premises, but you must be able to demonstrate that the service is covered.

What happens next?

83. We aim to complete the registration process within 16 weeks of receiving a complete application for a new service and within 12 weeks for a proposed registered manager of an already registered establishment or agency. The flowchart below shows the steps of the application process.

84. When we have received your application we assess it to see whether it is complete. If it is:

- incomplete, we return it to you
- complete, we start to process your application.

The registration visit

85. We aim to undertake one registration visit during which we assess the premises and services you intend to provide, and interview all those connected with the application. We do not usually carry out the registration visit and fitness interviews until we have received all the other required information from checks and references.

86. In some cases it may be necessary to make more than one visit during the registration process if several people need to be interviewed. For example, if a partnership is registering and we need to interview several partners as well as the manager.

How can I prepare for the inspector's visit?

87. The inspector's role at the visit is to:

- check that the premises are safe and suitable for the purposes intended in the application
- assess how many children and young people or service users you may be registered to provide services for
- check whether all the applicable policies and procedures are in place to meet the relevant national minimum standards, and regulations for the type of service you propose to register
- check and assess whether you meet the requirements of other relevant bodies for example, the fire authority or local authority planning department
- check your identity by looking at identity documents
- check your qualifications (we will need to see original copies of your qualifications)
- interview you about your fitness to provide or manage an establishment or agency.

What documents do I need to show the inspector during the registration visit?

88. You must provide identity documents that prove your current name and any other names you have used. These are:

- photographic identification such as a current passport or a new-style driving licence
- your full birth certificate
- evidence of any change of name. If you have changed your name by marriage, deed poll, adoption, statutory declaration or any other means you need to provide evidence of this change, for example a marriage certificate or decrees
- two pieces of evidence confirming your current address, for example:

- a utility bill (gas, telephone, electricity)
- a credit card, bank or mortgage statement
- any recent communication from your local authority or a government agency, for example the Department for Work and Pensions or HM Revenue and Customs.

89. You must bring original copies of your qualifications to your interview. The inspector will ask to see any certificates you have. We do not accept photocopies.

90. The inspector will ask questions about your understanding of important aspects of your establishment or agency, such as how you propose to lead and manage the service, safeguarding, staff recruitment and management, how your proposed establishment or agency intends to promote good outcomes for children, and your professional knowledge. Inspectors base the interview on your completed pre-registration questionnaire, the statement of purpose, children’s guide or service user guide and any other information we have about you.

91. Inspectors expect to see all the policies and procedures you need to have in place for registration, as set out in the relevant national minimum standards and regulations for each establishment or agency. Further information about which policies and procedures you need are in our introductory guides.

92. You must have available all the necessary certificates relating to the premises. There are more details about the evidence we need for the premises below. We need to see, for example, the landlord’s gas safety certificate, electrical installation test certificate, portable appliance testing, certificates for equipment (for example lifts, hoists) and insurance certificates.

93. You must have available all recruitment records for the staff you have recruited before the registration visit, including those of the proposed manager and, where applicable, the responsible individual. We will want to see the records for a responsible individual where this person has not been assessed by us at a previous registration. If you normally hold these elsewhere please arrange for them to be available for the inspector at the registration visit.

The premises of the proposed establishment or agency

94. You must demonstrate to us that the premises you propose to use are fit for purpose. We require evidence that the premises comply with:

- national and local planning, building and environmental legislation including disability discrimination requirements where appropriate.³⁷ We accept written confirmation from the local authority planning department that the premises meets their requirements

³⁷ Disability Discrimination Act 1995; www.legislation.gov.uk/ukpga/1995/50/contents.

- fire regulations – we accept a certificate from a local authority that the premises comply with building regulations, certificate of lawful completion and/or written confirmation from the local fire authority
- environmental health regulations. This is only necessary for establishments where food is to be prepared. We accept written confirmation from the local authority environmental health department or planning department that the premises meet the required standards.

95. Regulations require that you must provide a certificate of insurance in respect of death, injury, public liability, damage or other loss.³⁸ The certificate must show that there is public liability insurance cover for the establishment or agency. If your organisation has a corporate insurance policy the certificate may not list every premises that is covered. If the name and the address of the establishment or agency is not included on the certificate you must demonstrate that it is covered.

Outcome of the visit

96. Before leaving, the inspector will tell you the outcome of the visit. The inspector will:

- set out any statutory requirements you must meet before we can make a final decision about your application. You must fully comply with any statutory requirements we raise before we can grant registration. Where this is the case we will follow up our discussion with you at the registration visit with a letter
- usually tell you whether he or she proposes to recommend that we grant or refuse registration
- tell you if he or she needs to take further advice about the outcome of our registration visit, receive additional information or complete outstanding checks before we can make a registration decision. This does not necessarily mean we have concerns about your ability to provide the service. If we do not have enough information we will tell you our reasons and discuss when we expect to be able to tell you about our decision. This could be via a further meeting or via a telephone conversation.

97. If the inspector is going to recommend registration, he or she will discuss any conditions of registration that you have requested or confirm that no conditions of registration are necessary. Any conditions that inspector agrees must follow our guidance on conditions.³⁹ We can impose any conditions of registration we think necessary in order to safeguard and promote the welfare of children, young people and other service users. However, you can make written representation to us and

³⁸ The Care Standards Act 2000 (Registration)(England) Regulations 2010, Regulation 3(2)(b) Schedule 2 Regulation 8.

³⁹ *Conditions of registration for all regulated social care services and categories of registration for children's homes and voluntary adoption agencies* (110049), Ofsted, www.ofsted.gov.uk/resources/conditions-of-registration-for-all-regulated-social-care-services-and-categories-of-registration-for.

subsequently appeal to the First-tier tribunal if we decide to impose a condition of registration that you do not agree to.

What happens after the registration visit?

98. Once we have all the information from the visit and checks we make a decision about whether to register the establishment or agency or not. You must not start to operate until you have a certificate of registration.

Actions letter

99. Where the inspector decided at the visit that you needed to take further action to meet the regulations and service specific national minimum standards, we send you a 'statutory requirements' letter. This sets out what you need to do and by when.

100. You must reply to us telling us what you have done to meet any statutory requirements by the date we set in the letter. We may visit to check the actions you have taken. If we do not receive your response by the date set we make a decision about your application based on the information available to us. It is therefore important that you respond within the timescale set.

Registration decision

101. When we have completed the registration visit, all the checks are complete and, where necessary, we have received your response to a statutory requirements letter, we decide whether to grant registration or refuse your application.

102. If we propose to grant registration, we will send you a:

- notice of decision to register, if the decision was to register with no conditions or agreed conditions; **or**
- notice of proposal to register, if we decide to impose conditions to which you have not agreed.

103. If we intend to refuse registration we will send you a notice of our proposal to do so. Refusing registration is a serious step and may adversely affect any subsequent application you wish to make. Refusal disqualifies you from being a private foster carer and providing, managing and working in a children's home or having a financial interest in a children's home. It will also be taken into account if you make application to register any other type of establishment or agency or want to become a registered manager.

104. Where we issue a notice of proposal to refuse registration or to impose conditions on your registration you may object to our proposal by making a written representation to us. You may thereafter also appeal against any notice of decision we make regarding your registration.

105. If you intend to make a written representation, you must tell us within 28 days of the receipt date of the notice of proposal. Please see Annex A for more information about the representation and appeals process.

Your registration certificate

106. If we decide to register you we issue a certificate of registration. The certificate includes:

- your registration number
- the name of the Registered Provider
- the name of the Registered Manager (if applicable)
- the name of the responsible individual (if applicable)
- the name and address of the service
- date of registration
- any conditions that apply to your registration.

107. The law requires you to display the certificate. If you lose, damage or destroy your certificate, you must apply to us for a replacement. Your certificate remains valid until it is replaced by a subsequent certificate, we cancel your registration or you voluntarily cancel your registration: www.ofsted.gov.uk/publications/070094.

108. Please be aware that you are required by law to return your certificate to us if you receive a new certificate, if we cancel your registration or if you voluntarily cancel your registration.⁴⁰

Withdrawing your application

109. During the registration process you may change your mind about continuing your application to register as a children's social care provider or manager. You must tell us in writing if this is what you decide in order to stop the registration process. If you do not tell us that you want to withdraw your application, then we will continue the process and may have to refuse your registration if you have not supplied all the information necessary. If you decide to withdraw your application, the application fee is non-refundable.

Changes to an application we are processing

110. If you want to change your application before we have granted registration you must write to tell us about changes:⁴¹

- to the name or address of the proposed provider, responsible individual or manager

⁴⁰ This is a legal requirement under Regulation 9 of The Care Standards Act 2000 (Registration)(England) Regulations 2010.

⁴¹ Regulation 6 of The Care Standards Act 2000 (Registration)(England) Regulations 2010.

- to members of a partnership
- of director, manager, secretary, trustee, clerk, treasurer or other similar officer of the organisation.

If you do not tell us about these changes it will delay registration or may result in our refusing your registration.

Applications made by existing registered providers

111. You may choose to expand or change your business by:

- applying to register a new establishment or agency
- buying an existing registered establishment or agency
- changing the premises you use to provide your service
- appointing a new registered manager
- changing your legal entity, for example from a partnership to a company
- selling a franchise.

112. Most of these changes require a new application. You may not need to submit a full application if you already hold a registration with us. You only need to supply the information necessary for us to make a registration decision. Where a provider sells a franchise it is the franchisee (buyer) who must register.

113. There is more information about the information you need to supply for these types of change in our guidance *Changes to children's social care services that are registered and/or inspected by Ofsted*.⁴²

Once you are registered

Continuing registration

114. You must continue to demonstrate your continued suitability to be a social care provider or registered manager throughout the time that you remain registered. We expect you to reflect on your practice and consider how you might improve on what you do. We give you more information about this with your certificate of registration.

115. We monitor your continued compliance through:

- regular inspections
- other visits, for example to follow up any concerns we receive about the service you provide

⁴² *Changes to the children's social care services that are registered and/or inspected by Ofsted* (100253), Ofsted, 2011; www.ofsted.gov.uk/resources/changes-childrens-social-care-services-are-registered-andor-inspected-ofsted.

- repeating or carrying out additional checks where we receive information that brings your fitness into question
- your completed self-evaluation form if provided.

116. There are certain changes that you must tell us about once you are registered. There is more information about this in our guidance *Changes to children's social care services that are registered and or inspected by Ofsted*.⁴³ You should familiarise yourself with the detail in this guidance if we agree your registration.

Inspection

117. After your registration we inspect your establishment or agency within a short time; this is normally within seven months of registration for children's homes and between seven and 12 months for residential family centres, independent fostering agencies, voluntary adoption agencies and adoption support agencies. This is dependent on whether you are providing services to children and young people or other service users. Following this inspection we will inspect your establishment or agency at intervals set in the law. There are different intervals for each type of establishment or agency set in regulations.⁴⁴

118. The inspector will judge the quality of the care and support you provide and write a report. We will send you the report and publish a copy on our website.

119. You can find more information about the inspection of social care services on our website.

What other visits might inspectors make?

120. We may visit at other times, for example:

- to check on how you have met any statutory requirements set at an inspection
- to consider a request to vary the conditions of your registration
- because you have applied to change your registration in some way
- because we have received a complaint from a child or young person, parent or other person that brings into question your continued registration.

121. After these visits you will receive a letter that sets out the outcome of the visit. This may include any action we take or intend to take to bring about compliance with requirements for registration.

Sharing your information

122. We will process any personal information we hold about you in accordance with the law, and in particular the Data Protection Act 1998. Under this act you can request in writing to see any information we hold about you.

123. Ofsted uses the information from checks and any interviews to make a decision about your fitness to work with or be in regular contact with children. It may be necessary to repeat these checks from time to time in order to assess your ongoing fitness.

124. We may provide information about social care providers to other government departments and local authority departments such as social work teams.

125. We may also give information to a local authority, or the police, if there are any concerns about the welfare of children and young people in a provider's care.

126. When providing information to someone who is not a local authority we cannot provide the following details.⁴⁵

- Children's homes
 - Name and address of each person registered
 - Address of registered or principal office (for organisations only)
 - Name and address of any responsible individual (for organisations only)
 - Name address and telephone number of the home
 - Date and any enforcement action
 - An inspection report that contains the name and address of the children's home or any other information that could identify the home
- Residential family centres, fostering agencies, voluntary adoption agencies and adoption support agencies
 - Name, address and date of birth of each person registered
 - Address of registered or principal office (for organisations only)
 - Name and address of any responsible individual (for organisations only)
 - Date and nature of any enforcement action
